Title:

Comments: I am opposed to permitting expanding commercial yurt operation into the Granite Peak area. I live in Pony and have been backcountry skiing in that area for many years. Granite Peak and the surrounding area is a well known backcountry skiing destination with a long history of use. Putting a commercial yurt in the area excludes use by others. I used to ski in the Bell Lake area, but since Bell Lake Yurt has expanded operations I don't go there. Backcountry skiing and snowboarding has become more and more popular and good places to ski are becoming more and more crowded. I don't want to see all of the South Willow Creek drainage basically claimed for commercial use.
