Title:

Comments: I strongly support maintenance and improvement of the Ward Lake recreation area. It is very highly used

I personally use the area probably 20-30 times per year (as a local) sometimes by myself, sometimes with friends in fact tomorrow we are going to have an equinox celebration in one of the shelters (assuming I can get one) with a dozen friends

this is a very valuable asset to the community

please do everything you can to maintain and improve it

Thanks

BR
