First name: Lester

Last name: Pardoe

Organization:

Title:

Comments: With family being former long term residents of the CB area 30 years ago, it has been great to see long term planning in effect, instead of haphazard chaos, in the area that I have been coming to for several decades. Having made a long term career in the MTB industry in the Boulder/Lyons area, and being a long term member of CBMBA, and having been involved in numerous CB trail projects the future of MTB in the CB area is close and passionate to me.

For 15 years I have overseen the Devo MTB program for Boulder Jr Cycling, a sister organization to Crested Butte Devo MTB, and know first hand the positive effect MTB can have on youth. Teaching life lessons on the bike can have a profound effect on youngsters and I wish to see MTB and CBMBA as a priority will allow this to continue. I support the statements provided by David Ochs of CBMBA. Please feel free to reach out if I can support this process in any way shape or form.

Lester Pardoe

Director of Development

Boulder Junior Cycling
