Title:

Comments: I agree with CBMBA's official comments 100%.

A poorly aligned Upper Upper Loop Trail to Brush Creek TH will be a mistake and a waste of time and human resource. Do it properly or not at all.

The Reno Rd Parallel trail will be a huge asset. I used to ride my mountain bike up Reno Rd and never see anyone else. No longer is that the case.

Please include the Upper Cement Creek Trail to Crystal Peak Trail #583. As someone who lives in CB South and has ridden these trails for over 30 years, I guarantee it will prove to be a tremendous asset!

Please include the public Snodgrass Trail. It is absolutely needed.

Thank you for listening,
Chuck Reynolds
