Comments: I would like to voice support for the comments provided by CBMBA. This group is very unique and represents me. This group knows the area based on real experience and a large community of volunteers. This group works cross-functionally with other groups like ranchers, STOR, Town of CB, Town of Mt CB, Fish and Wildlife to try and find balance. This group gets stewardship not just entitled recreation. They are trying to find ways to live safe and sustainable in the valley. Their comments should be taken very seriously from solid experience and empathy with the larger community.

Thank you,

Ryan
