Title:

Comments: I think a cabin in the lower reaches of Petersburg Creek would be very popular and it could be tied into the existing Petersburg Lake Trail. I also think a cabin on the Mitkof Island road system would get a lot of use. A location near Blind River Rapids would be a good spot for fishing, swimming, bird watching, hiking, etc.

Some locations that are a little further from town that I think would get use are Dry Bay and Totem Bay.

Thanks,

Bret Uppencamp
