Comments: Thank you for considering public input for new cabin sites- this is great!

I personally would love to see a cabin or two that is more easily accessible to Petersburg. Off island I would suggest Petersburg Creek or 5 Mile Creek. On the island I would suggest Ohmer Creek, Frog Lake, or somewhere beach-side of cabin creek road (closer to the 3-lakes side of the road).

I think any of those areas would offer good berry and plant foraging, along with fishing, hunting, and hiking opportunities.
