Comments: All of the proposed improvements attempt to address some problems and their solutions. I'm not against the idea of a restaurant facility near lift 7, but that seems odd since the Phoenix Restaurant isn't being used for this purpose whereas it use to be (food, beverage, plenty of seating and bathrooms). My understanding is there is a brand new kitchen in there but I have yet to experience it's output. The Phoenix is conveniently located too. Can the Phoenix be reopened for food/beverage service instead and the Lift 7 restaurant delayed until skier visits increase to the point where another restaurant is needed to space skiers out?
