Title:

Comments: I would like to express my objection to any motorized boats or docks on the Mendenhall Lake in Juneau, Alaska for the proposed improvements to the Mendenhall Visitor Center area. I strongly feel we have enough recreational areas around here for people to take advantage of rather than so commercialize our historical Mendenhall Glacier area.

I would also like for you to consider Laurie Craig's alternative design to the center rebuild. She has lived in Juneau for many, many years. She is a wonderful artists as well as being a very caring and observant park ranger at the center for 14 years.

Thank you, Pam Woolcott
