Comments: Please Don't Log the Taylor/Carter LSR

Dear District Ranger Luis Palacios,

I would like to add my voice to the many people who do not oppose post-fire "salvage" logging and timber plantation establishment in the Taylor/Carter Late Successional Reserve or where ever else post fire lumber can be salvaged. I do not agree with K. S. Wild's vision and philosophy.

I don't agree with the "Please Don't Log the Taylor/Carter LSR" sentence above but can't change it on this blog.

Thank you.

Col Bruce Wood USAF (Ret)

Sincerely,

Colonel Bruce Wood
