Title:

Comments: I support only building public use cabins as these would benefit local people as well as visitors. I do not support infrastructure projects over several years, including parking and access expansion, a new Welcome Center complex, Visitor Center improvements, Glacier Spur Road trailheads, a Lakeshore trail along the south shore of Mendenhall Lake, or Steep Creek Trail expansion. These projects only benefit tourists. Funding should be to maintain and improve existing trails. I do not support motorized boats of any type on mendenhall lake.
