Comments: As a frequent visitor to Lake Tarelton I want to voice my objection to the proposed logging that is part of the Integrated Resource Project. It is incomprehensible how no reasonable alternatives have been pursued when the proposal will have such a negative impact on wildlife, tourism, scenic enjoyment, the environment, and general land use. I urge you to immediately delay the Tarelton Integrated Resource project so that adequate time and effort can be given to study alternatives and ultimately designate the land around Lake Tarelton a scenic area. My family will return to Lake Tarelton this summer as we do every summer, and I hope that we can continue to frequent the great state of New Hampshire and its scenic areas for years to come. While I am a resident of Maryland, annually I bring money to your local economy and support your tax base. I hope that my voice matters too.
