Comments: Hello, I would like to voice my objection to Tarleton Integrated Resource Project #56394. My son attends Kingswood Camp for boys in the region and I see this a detrimental to the overall experience of attending camp in the majestic White Mountains region. Aside from the view, this deforestation project will displace wildlife, and create an environment that could pollute the beautiful lake preventing run off from being captured by natural landscape. Situated just off the Appalachian Trail this area should be protected scenic region. Please do not move forward with the plan as currently outlined.
