Comments: Taos Ski Valley Gondola & Other Improvements: I have lived in Arroyo Seco and have been an active skier for over 40 years at TSV. I am a Nurse Practitioner in a small clinic in Taos, and have been an active citizen of Taos County for these 40 years. I have two grown children who frequently return to Taos to ski and partake in the outdoor activities. I would like to FULLY SUPPORT the projects that have been proposed.

Taos has too often missed out on growth opportunities and this is an opportunity to improve our county. NOT only for skiers, but for the entire Taos county. It would help bring in more revenue into the town, and would help TSV keep up with other ski areas in the country who seem to develop and improve without any problems. We have a vocal group in our community who consistently creates barriers to positive growth, and I hope that this project will not be another potential for growth that gets turned down. The town of Taos is looking more and more grungy, dirty, poor, and has lost much of its charm progressively over the last few years. At least this opportunity would allow for some improvement in services, scenery, outdoor activity, and dining options. Please note that I am in full support of this!! Thanks!
