First name: Margaret

Last name: O&#39;Connor

Organization:

Title:

Comments: The Billionaire should fund his own projects. Taos needs money for infrastructure schools mental health education, railings on the Rio Grande bridge. If the ski valley does anything it should be to protect the Rio Hondo from a sewage disaster. Also the run off of oil in parking lots should be contained and not running off into the river. Money spent in all the wring places.
