Comments: Shoshone NF Travel Management Planning Project

My name is Zac Vincent and I am a climber who lives in Bozeman, Montana. My family and I travel to Lander several times a year and we would like to comment on the proposed changes. We are strongly opposed to Alternative 3, 4wd access to several climbing areas would be affected and I think it disproportionately affects climbers, hikers and mountain bikers and limits their access.

We agree with Alternative 2 with some changes that need to be made. FS 236 should not have width restrictions and the closure should be conditions based not a hard closure based on calendar dates. Also, we would like to see more access past Pass Creek Gate perhaps using a gate modification.

Thank you very much for reading my email and I hope there are more that echo our sentiments. We love visiting Lander and any changes would affect our future plans.

Sincerely,

Zac Vincent and Shauna Yahraes.
