First name: GEORGE (Rick)

Last name: MCELWEE

Organization:

Title:

Comments: I would like this project to go forward. We have lived through all the fires since 1995. Suffered the effects of smoke and all that goes with it. Had friends survive the Roaring Lion fire because they had done what was suggested the year before Pl. Their neighbors lost their homes. Please keep me informed on the status of this Bitterroot Front Project
