First name: Sandra

Last name: Hennessy

Organization:

Title:

Comments: I support designated camping only . Portable bathroom at trailhead. Increasing ranger and volunteer at trailhead and lakes. Hiking by permit only capped number of permits. Monthly volunteers to monitor the entire trail. Specified campsites at Lake and adequately signed areas. Increase public knowledge through media concerning the area. I would like to see a one year closure to allow the area to rest and rejuvenate before new remedies are put into place.
