Comments: Hi there,

I'm Ian, a NH resident for 8 years and now in Boston. I love the Lake Tarleton region because of how well it retains the true feel of nature. I love it so much so that I am getting married at Camp Kingswood this fall. We need places like the Lake Tarleton region these days more than ever. I very much worry that logging in the region would change it greatly, removing the pure nature there, and that would last for a very long time. Please do not log in the area and keep the region intact. This means so much to me and to many others I care about.

Thank you,

Ian
