First name: Brent

Last name: Erickson

Organization:

Title:

Comments: I Brent Erickson, a resident of Ravalli County am very concerned about our wildfire dangers, forest health, the protection of my properties and all the other inherent dangers that seem to becoming more prevalent as another fire season looms. I am in complete support of any and all projects and programs which may impact and minimize our wildfire dangers. I strongly support mitigation efforts well in advance of suppression. I have gone to great lengths to prepare my properties for what is surely to come, though I fear it may not be enough.
