Comments: I am writing to express my objection to The Lake Tarleton Project because I believe this project will spoil the beauty of Lake Tarleton and the WMNF and also damage the environment. When the scenic area around Lake Tarleton was donated to the WMNF the intent was to preserve the area and protect the WMNF. This ignores what was intended. At the root of this gift was the preservation of the area. I have been visiting Lake Tarleton for many years. The views are among the most beautiful in the WMNF. My parents were married at Lake Tarleton in 1946. My Mother continues to visit each summer to marvel at the natural beauty. I am an artist and I have drawn and painted Lake Tarleton many times. Please consider that this project will spoil this beautiful and unique place.
