Comments: Dear Brooke M. Brown,

I would like to submit a comment regarding the Lake Tarleton Integrated Resource Project. I am NOT in favor of this project and urge all parties to reconsider the plan.

The proposed plan violates the original intent of extending the White Mountain National Forest to the shores of Lake Tarleton. In keeping with the intent of the original land acquisition, the White Mountain National Forest should remove this and all future threats to Lake Tarleton's surrounding forest by amending the 2005 White Mountain National Forest Plan and designating a Scenic Area in the landscape surrounding spectacular Lake Tarleton, Lake Katherine, Lake Armington, and stretching along the Appalachian Trail corridor north to Webster Slide, and Wachipauka Pond.

Not only are scenic values at stake, the impact on biodiversity and wildlife is critical. The forest plan is out of date and MUST be reconsidered using what we know about the science of global warming.

Thank you for considering.

Respectfully submitted,

Rebecca Neuroth
