Comments: I live in Arroyo Hondo and a downstream farmers who relies on clean water for my garden which feeds my family. I didn't get any notification until today that we were able to oppose the expansion. Many people in my village are unaware of the situation. We need a meeting with the forest service. The Taos Ski Valley may have had meetings in the past but purposely left out the residents of Arroyo Hondo to avoid any opposition. An expansion would be detrimental to our community and environmental studies need to be conducted before they poison the communities of Valdez, Arroyo Seco and Arroyo Hondo.
