Comments: New proposed expansion at TSV: This is as usual pawned off as progress, nothing could be further from the truth! The expansion is that of the bank accounts of a few, while extracting the people's tax dollars to get this done! This is yet another attack on the environment for profit. I will personally be in touch with all the local groups to stop this invasion of the people's environmental safety as well as the innocent wildlife that's asked to pay the price once again!
