Comments: I would like to see more handicap accessible cabins on the island. Ideal Cove at the south end practical for car and a nice trail or skiff ride. Usable year around.

I would like to see a cabin at one of the Sand Hill Crane lakes and/or three sided shelters with docks.

Surrounding the lake.

We have several logging roads and a cabin near a creek or other water would be nice.

Blind slough way up past the bridge May have a fun place to camp.

I try to pick places that are not going to be overrun by people wanting an super easy access but more seclusion and with easy access to fresh water.

I would stay away from Greens Creek, Banana Point, Ohmer's Creek campground. Not a cabin site.
