Thousands of years we live, breath and drink from our Spiritual Sacred waters and Springs whom rests deep
within the Sacred mountains. To Respect and honor one's Land and remain the same on neutral grounds. Taos
Ski Valley was turned over to a corporation. A corporation that can careless about water, air, Sacred sites all
areas of the Taos Mountains. A corporation does not care of employees that have been working there. 18! Years
an employee worked it took a 23! Year old to oust out the 28 year employee. No Respect no compassion. All the
regular employees were dismissed replaced by Out of State hires. The Corp. Turned ski valley into a concrete
jungle. Too Congested with Visitors. Imagine all the water been flushed DISHWASHERS USING THOUSANDS
Of gallons Dishwashers, washing machines, flushing restaurants . Many guests don't drink water. Full filled
glasses down the drain A Waste! This billionaire he don't live here! Nor Reside here. GREED 8S HUNGER FOR
