Comments: I am writing to express my opposition to the proposed plan by TSV, inc. to expand operations in the future, and concerns regarding the impact such a project will have on the Rio Hondo watershed. Given the real issues surrounding water resources in the area, I believe it is not in the communities best interest for TSV to expand. They use too much water to make snow, and any expansion will no doubt increase their water usage, as well as impact the environmental health of the water shed.

I was not aware of this proposal prior to receiving notice by word of mouth. Not only am I opposed, I am also puzzled at the lack of information provided to the public in a timely manner.

Thank you for your time and consideration.
