Comments: I would like to express my views regarding the potential logging of public land around Lake Tarleton. I have visited Lake Tarleton for many years. The unobstructed & pristine views are the most beautiful in the WMNF. I understand that when the area was given over to the WMNF the unique wilderness, character and recreational opportunities of Lake T would be protected. Many fought hard to preserve Lake T. It would be a betrayal of their hard work and trust to proceed with this logging project. I feel the area surround Lake T should be designated as a scenic area. Please don't destroy this sliver of heaven on earth!
