Comments: I am strongly opposed to the proposed project and the classification of the land surrounding Lake Tarleton. Since I was a kid, I had spent weeks of my summer in the White Mountains, on and around Lake Tarleton. It was the beauty of the mountains and untouched landscape that has kept me coming back and instilled in me my love for the outdoors. It's what kept bringing me back, year after year for the next 10+ years in the summers. It's what keeps me wanting to come back as often as possible and it's what I want my kids to be able to experience someday. I think this project would cause irrevocable harm to the area, not just due to the lost scenic value but also due environmental impacts on the forests themselves but the wildlife living within.
