Comments: Local Ridgway resident since 1986. Mountaineering experience worldwide for 35 years. Thank you Mr. Profitt and everyone interested in taking care of our mountains and leaving them as you find them. Never thought I would give up the enjoyment of what the San Juans have to offer. Used the mountains year round. Because of the damage and crowds on the 14's, more popular hiking and AT trails, have stopped using them. Last summer put out two abandoned campfires. Never before seeing people destroying the environment off trails, closed areas. Have my favorite areas with little or no vehicles or people. Permit/Reservations Systems are proven, absolutely needed worldwide. Quote I heard "LET'S DON'T LOVE OUR MOUNTAINS TO DEATH"
