

Data Submitted (UTC 11): 5/10/2022 10:26:37 PM

First name: Jill

Last name: Updyke

Organization:

Title:

Comments: The proposed timber removal and/or sale needs to have an environmental impact study. The public needs to be made aware of the study's data, and then be allowed a public hearing where they can voice their opinions and concerns. To make a sweeping decision, such as this is unlawful.

Kindly,

Jill Updyke
