Comments: Please designate the forest around Lake Tarleton (known as Lake Tarleton/Webster Slide) as a Scenic Area and please cancel the Lake Tarleton Integrated Project. Do the right thing! This area is beautiful and should be protected and preserved. This also will detrimentally affect the wildlife living there as well, and the loss of trees will make flooding more commonplace as there isn't anything holding the soil in place. So even if you put up new structures there, it is guaranteed to be destroyed at one point or another. And with increasing climate change, it could happen soon. Please, please, please! Protect this forest!
