Comments: I'm in full support of the proposed visitor use restrictions for the Blue Lakes area. I think your approach of attempting to reduce visitor impacts by limiting camping, requiring day use permits in some areas, and designating campsites and the Lower and Upper Blue Lakes is prudent and warranted, given the destruction that has been occurring over the last decade, but most notably since 2020. Thank you for taking action. I hope that this approach works so that a more stringent permit/lottery system can be avoided.
