First name: Suzanna Last name: McDougal

Organization:

Title:

Comments: 1. An EIS for this project is more appropriate than the EA that is planned.

- 2. Public input is vip for this project
- 3. No roads should be constructed or reconstructed in this project area.
- 4. VIP to keep out of recommended wilderness and inventoried roadless areas so there is habitats for wildlife.
- 5. NO logging on any old growth. This is very important because so little of this remains.
- 6.Reparian protection VIP because of habitat for bull and west slope cutthroat trout.
- 7. Old growth definition must be 16 inches in diameter or greater.
- 8. Protect wildlife by keeping high standards of habitat.
- 9. Migration corridors for wildlife must be maintained.
