First name: Chip

Last name: Kimball

Organization: Sandwich Sidehillers Winter Trail Club

Title: Director

Comments: The Guinea hill section is bisected by the sidehillers power line trail. We want to make sure that proper safety measures and protocols are in place for skid road and other crossings of the trail. We note that people do use the trail at night. There could be a safety hazard if there is slash left in the crossing particularly at times of poor visibility. At this time we reserve judgement on other parts of the project.
