First name: Mary

Last name: Stern

Organization:

Title:

Comments: Recent forest projects in our area have left dangerous amounts of ground clutter/slash on the ground.

Neighbors banded together and took 47 truck loads of slash and debris to the Allenspark Sort Yard.

Foresters have been left large slash piles under trees.

Four forest trucks (USFS? CFS? ??) departed after setting alight slash. The piles were burning after the cars left !!

NEIGHBORS ARE UP IN ARMS OVER DANGEROUS CONDITIONS LEFT AFTER THINNING !!

You have no supporters among them.
