Title:

Comments: I was born and raised in Rapid City and I love South Dakota and the Black Hills.

I have seen many other proposals like the F3 Gold Jenny Gulch gold project and they all seem to leave the Black Hills in worse shape than they had promised.

I want to preserve the Hills and our water at all costs and I oppose the F3 Gold Jenny Gulch gold project and support the "No Action" alternative.

An Environmental Impact Statement has not been done and the native tribes have not been consulted and considered properly.

It is inexcusable to proceed with a project like this without carefully considering ALL potential impacts, as has happened so many times before.

Please protect the environment of our sacred lands.
