Comments: Cube Cove continues healing from the damage caused by past logging, roads, and the Forest Service's use heavy equipment which is inappropriate for the Kootznoowoo Wilderness.

It is difficult to believe that the Forest Service does not know that it is violating the letter and spirit of the Wilderness Act, through its extensive use of chainsaws, helicopters, motor vehicles, and other motorized equipment.

Please allow the area to fully recover on its own by allowing time and natural processes to heal past damage.

Thank you.
