Title:

Comments: Cube Cove is already recovering from past logging. The Forest Service(FS) plan for restoration does not fit a wilderness area, and the plan will cost lots of money that does not need to be spent. The FS plan violates the Wilderness Act. If FS does restoration it must be wilderness compatible: no heavy equipment, helicopters, chainsaws. There is no need to convert roads to trails, but if FS does that, FS must mitigate impact of trails on wildlife.
