Title:

Comments: I Object to the Finding of No Significant Impact for this proposed project. The activities indicated for this proposed project will have significant detrimental impacts on wildlife, natural environment, & soils in the indicated area. They will also have significant detrimental impacts on recreational activities and access to such. The drilling sites & access roads will cause significant negative impacts to wildlife habitat & security, to the soil resource via soil disturbances & erosion, and to the natural environment via noise, dust, etc.... The construction of & operation of the roads & drilling sites due to large trucks & equipment moving through the area will also negatively impact access to the current recreational sites & ruin the outdoor recreational experience due to noise, dust, etc... I request that the Forest Service prepare a full EIS (Environmental Impact Statement) for this project.
