Comments: When I first heard about this proposed project while talking with some friends, we all agreed that this would be a great addition to the valley. Having back country skied for years, it would be great to have one that is closer to home and also afford an opportunity to see new country. Having used the Mazama back country cabins and others in the past, I know there is always a lot of interest in reserving them and trying to find a time when they are available. These structures would be a nice addition for more local groups as well as groups from the Westside of the state. They appear to be very well thought out and designed to have a minimal impact on the natural environment and the beauty of this area. I strongly support this project and hope it is approved !
