Data Submitted (UTC 11): 8/19/2022 7:21:52 PM First name: CL Last name: Zakoren Organization: US citizen Title: Comments: Clearcuts around here are facilitating flooding...downed logs are good for forest health.

Stop logging the crap out of public lands...trees help with carbon sequestration; we need more, not less

More control burns need to happen...fire suppression is causing a lot of problems

It isn't 'just a tree' ... it's just part of the whole deal that keeps us and everything else able to live on this planet
