Comments: I believe this will be a great addition to the outdoor activities in the Wenatchee national forest. These huts will open up more wilderness access for people of all different skills, sports, and levels. I plan to used these huts annually for split boarding and ski touring primarily. Without these huts, the terrain in this area is inaccessible for me so I believe these huts are critical to exploring this area. I am very excited about these huts and think they will bring many people together.
