Comments: This is a great idea and I look forward to using these huts annually for exploration. Coming from Bellingham, we rarely access this area and this will allow us to explore this area more. We would love to see these huts get in place and move forward. I have done multiple hut trips before and they are always amazing. The ability to stay in the mountains without having a tent is my ideal situation and this hut system will satisfy that perfectly. I'm super excited about these to start operating ASAP.
