Title:

Comments: As a longtime resident of Rapid City who relies on Rapid Creek for clean drinking water [I oppose exploratory drilling for gold at Jenny Gulch] and [as a longtime resident of Rapid City who] enjoys swimming and recreating in Pactola Reservoir, I oppose exploratory drilling for gold at Jenny Gulch. Even exploratory drilling may greatly diminish the recreational value of that portion of the reservoir. The Rapid Creek watershed is primarily valuable for domestic water and [the Rapid Creek watershed is primarily valuable for] recreation. Mineral development is a serious threat to our growing city.
