Comments: The Yaak's old and large trees-and the nation's-are worth more standing. Please protect the trees at Black Ram.

1) Protect all old and mature trees on public lands as the carbon-storing miracles they are: our best hope at mitigating climate change, and cost nothing.

2) They are Worth More Standing.

Do not use taxpayers' money to harm old growth forests. We need to join together to protect these essential and miraculous trees.
