First name: Dan

Last name: Sager

Organization: Powell County

Title: Commissioner

Comments: Thank you for allowing comments; We do not believe that one national policy fits all Forests pertaining to old growth. Please let the people on the ground do there jobs they are the ones that know the area. One size does not fit all when it comes to old growth. We have four forests and the BLM in our county and they are all different it is important to let them do there job to manage for a healthy forest. Dan
