Comments: I would like to see 277 stay as is, with all vehicle access, but have a better access road for white tail added. Maybe better signage instructing rvs and vehicles with trailers to use the new road and stay off 277.

I would think if less "on road" vehicles used for pulling trailers and such were kept off of 277, the people with jeeps and regular trucks as well as ATVs would be less likely to go around soft spots as they wouldn't have the need to unlike campers and rvs.
