Comments: Greetings,

I write to voice my fervent objection to these "improvements." My family and I spend a lot of time at Holland Lake and consider it among our top 3 places to recreate in the state. This is only, at times, impeded by loud wedding parties hosted at the lodge, but this is tolerable and I like a good party too. NO expansion of the existing lodge property should take place.

The lessee of the Lodge is a fancy out-of-state "Lifestyle" company who has no qualms about RUINING a piece of our history for their own financial gain. The ONLY improvements that should be undertaken are improvements that ensure the conservation and preservation of what already exists - NOT tearing down the original cabin sites. It is insulting that this has been proposed but I was perhaps naïve to not expect it given the amount of money they invested in this lease. However, this is essentially public land, a piece of Montana history, and needs to be preserved as such. We're sick of out-of-state influence bringing "improvement" ideas.
