Comments: Hello,

I am a resident of Butte. My wife grew up in the Swan Valley. I am 100% opposed to the expansion plans for Holland Lake Lodge. The last thing our state needs is another Montana landmark being "revamped" to cater to non-locals. Out-of-state residents have just as much right to be in Montana as the locals do, but does this state really need another out-of-touch, highly-priced resort where tourists can treat this state like their playground. Enough is enough. Stop this insanity before it even starts.

Thank you
